### NOTICE OF A DRAFT AIR CONSTRUCTION PERMIT

**INDUSTRIAL PIPING, INC.  
2794 OLD RICHBURG ROAD  
RICHBURG, SOUTH CAROLINA  
(CHESTER COUNTY / REGION 3 LANCASTER EQC OFFICE)  
AIR PERMIT NO. 0640-0061-CB**

Industrial Piping, Inc. has applied to the SC DHEC for a construction permit to install and operate a paint booth for parts coating at its new facility where custom-fabricated process equipment, piping assemblies, and pressure vessels will be manufactured. A draft construction permit and engineering calculation (green) sheets have been written by the BAQ outlining the proposed project and applicable regulations. This permit will enable the facility to construct and operate in compliance with State and Federal Air Quality Regulations. The draft permit has not yet been approved and is open to comment from the public and the United States Environmental Protection Agency (EPA).

If this permit is approved, federally-enforceable emission limits of less than 10 tons per year (TPY) of any single Hazardous Air Pollutant (HAP), and less than 25 TPY of any combination of HAPs, will be established at the facility, thereby enabling it to remain below applicable Maximum Achievable Control Technology (MACT) Standards as defined by Title 40 of the Code of Federal Regulations, Part 63 "National Emission Standards for Hazardous Air Pollutants for Source Categories."

In accordance with SC DHEC Regulation 61-62.1, Section II G(5)(d), if approved, and upon issuance of the draft construction permit, no additional public comment period will be required for the facility to obtain a Conditional Major Operating Permit, unless a change in the original construction and/or operational plan is proposed prior to starting construction. All emissions limitations and conditions in the draft construction permit have been written to ensure that this facility operates as a Conditional Major Source.

Interested persons may review the materials drafted and maintained by DHEC for this facility and submit written comments on the draft permit by September 23, 2006 to Steve McCaslin at the above DHEC address. All comments received by September 23, 2006 will be considered when making a decision to approve, disapprove, or modify the draft permit. Where there is a significant amount of public interest, DHEC may hold a public hearing to receive additional comments. Public hearing requests should be made in writing to Donna Moye at the above DHEC address or by e-mail at: [moyedd@dhec.sc.gov](mailto:moyedd@dhec.sc.gov). If a public hearing is requested and held, notice will be given in this newspaper thirty (30) days in advance. A request for a final review may be filed after a permit decision has been made. Information regarding final review procedures is available from DHEC's legal office at the above address or by calling (803) 898-3350. Information relative to the draft permit will be made available for review through September 23, 2006 at the DHEC Columbia Office listed above and at the following location:
